

## Storage At Home

- Pet Food is food, store dry food in a cool, dry location, avoid leaving bags in a garage on the floor or outside where insects have easy access to the food.
- Wash and dry storage containers thoroughly between bags of food and check for damage and insect activity.
- It is important to keep stored pet food out of reach of curious pets and children
- Avoid storing pet food near household cleaners or other toxic substances.
- Avoid humid environments where mould can develop.
